GIVING A SAFE START

The CS FREE is an Adaptive Booster that will get you going from a dead battery within 15 minutes. It automatically analyzes the state of the battery and works out the safest way of giving it enough power to safely start the vehicle.

Unlike most boosters or jump starters, the CS FREE is sensitive to the state of the battery and only gives it the charge it needs to get you started - so it's completely safe for your battery and your sensitive vehicle electronics.
